Executive Summary

Creative Web Developer & Freelance Builder skilled in React, TypeScript, Tailwind CSS, Node.js, Framer Motion, and MongoDB. I design and develop sleek, responsive web apps with clean code, immersive 3D visuals, and modern UI/UX design. As a freelancer, I turn ideas into real-world products with full independence and client collaboration. Always learning, always building — aiming for a steep growth curve and meaningful impact in every project I take on.

Technical Skills

Frontend : React, TypeScript, JavaScript, Tailwind CSS, HTML5, CSS3, Framer Motion, Streamlit .

Backend : Node.js, Express.js, Email JS, REST APIs .

Database : MongoDB.

Data & ML : Python, Keras (LSTM), Scikit-learn, Pandas, Matplotlib 3D & Visuals : @react-three/fiber, Three.js (basic) .

Tools : Git, GitHub, VS Code, Postman .

Soft Skills : Communication, Teamwork, Presentation, Decision-Making, Leadership, Analytical Thinking, Time Management

Projects

Q96 | “AI-Driven app integrates financial goals and plans”

[GitHub](#) | [Live](#)

- AI-Driven Financial Planning App – Predicts expenses, savings, and investments with csv based analysis and personalized goal tracking in a secure, cloud-based platform.
- **Technologies Used :** Python, Streamlit, Pandas, Matplotlib, Plotly, Scikit-learn ,xgboost .

PortfolioX | “Personal descriptions in a digital format.”

[GitHub](#) | [Live](#)

- Built this website as a personalized portfolio with dynamic intro flows, adaptive greetings, seamless navigation, responsive design, and integrated serverless contact forms for easy communication.
- **Technologies Used :** React.js, Redux, Tailwind CSS, Framer Motion, Wouter, EmailJS, @react- three/fiber

E-Commerce Platform | “An online store with product listings, cart, blog and checkout.”

[GitHub](#) | [Live](#)

- Built an online store for product listings, shopping cart, and an admin panel for product management.
- Developed with HTML, CSS, JavaScript, and Bootstrap, ensuring structured content, responsive design, and interactive features like cart updates and form validation.

Freelance Projects :

Digikets Marketing – “Portfolio Website (Industry Client Project)”

[GitHub](#) | [Live](#)

- Developed a professional portfolio site for the CEO of Digikets after pitching my work. Designed a clean, brand-focused UI with modern animations and delivered the project end-to-end with direct client collaboration.

- Built a modern portfolio using React (TSX) with EmailJS for serverless contact forms.
- Added 3D particle animations for an interactive and visually engaging UI.
- Delivered a fully responsive, clean, and professional design end-to-end.

Internships

MSME TECHNOLOGY CENTER - Learned a core **Python** as per in the industrial standards.

- Trained in Core Python aligned with industrial standards along with my friends . Explored integration of Python with G-code & M-code CNC machines to automate the machining processes.

VEI TECHNOLOGIES (Foundations of AI) - Started Developing a **Q96** - Finance Planner with AI.

- Gained hands-on experience in developing AI-driven applications, and I integrate it on my **Q96** project.

CLOUDLOGIC (HTML,CSS,JS,BOOTSTAP) - Developed **E-commerce Platform**

- Gained practical knowledge of web development tools including HTML, CSS, JavaScript, and Bootstrap.
- Applied this knowledge to design and develop a frontend E-commerce platform, featuring responsive layouts and modern UI components.

Achievement

- **1st Prize – Code Debugging at Tagore Engineering College**, Chennai: Won first place in a competitive debugging event, showcasing analytical and problem-solving skills.
- **1st Prize – Web Presentation at UCEV Tindivanam**: Built a dynamic virtual art gallery using Three.js, allowing users to upload and simulate images in an interactive gallery.
- **2nd Prize – Code Relay & Code Sprint @ IFET**: Secured second place by solving complex problems in Python, highlighting teamwork and coding proficiency.
- **2nd Prize – Paper Presentation @ Nehru College**: Presented a technical paper on the **Payanam** project, contributing to its development and innovation.
- **Contributor – IFET TIMES Magazine**: Contributed to design and content extraction, enhancing skills in technical writing and creative design.

Education

Higher Secondary Education (12th)

JOHN DEWEY MATRIC HR SEC
SCHOOL, Villupuram

Percentage : 87%

2020 – 2021

Bachelor of Computer Science & Engineering

IFET college of engineering,

Villupuram CGPA: 7.6/10.0

2022 – Present
